Make It Perfect Sewing Patterns TRAVELLING SHOWCASE

We all know that the best way to sell sewing patterns to your customers is to provide them with an array of samples they can admire. At Make It Perfect patterns we also know that you are extremely busy and are often unable to make all of the samples that you would like to for your store.

This is where the Travelling Showcase will help you get the most out of your sewing pattern sales. The Travelling Showcase is a free service to your store which provides you with a range of Make It Perfect pattern samples which you can display in your store for 2-4 weeks. Please read through the requirements for taking place in the Travelling Showcase below.

1. Our goal is to accommodate you in any way we can, but we do ask you to please plan ahead. Whilst we do have a number of Travelling Showcases made up, we cannot guarantee that one will be available for a specific date you have in mind.
2. All Travelling Showcase bookings require a minimum order of 15 patterns. Your pattern order will arrive with your showcase. You can any amount of any of the patterns in our range.
3. Please specify the amount of time you would like to have the Travelling Showcase in your store (from 2-4 weeks). The showcase must be returned to Make It Perfect patterns by the scheduled return date or forwarded onto our next scheduled Travelling Showcase.
4. Make It Perfect will pay postage to have the showcase posted to you and you are responsible for covering postage costs to send the showcase onto the next retailer or return the showcase to Make It Perfect.
5. All Travelling Showcases come with a packing list. Please review the packing list when the showcase arrives to your store to make sure you have received the items as listed. Hold onto the packing list so that you can refer to it when your showcase is over to make sure you return all of the items shipped to you.
6. All items provided in the showcase are made of 100% cotton, high-quality fabrics and are made to a professional standard.
7. Please note, that you are responsible for any lost, stolen or damaged samples, and all samples must be returned in good condition.
8. Once you have received the showcase you may need to press some of the samples due to settlement in shipping.
9. When packing the samples for returning, please ensure they are repacked the same way you received them.
10. If we need you to post the showcase onto another retailer, we will contact you ahead of time to let you know what you need to do.

If you would like to go ahead and schedule your time to take place in the Travelling Showcase, please contact us via email and we will get back to you with more information.
